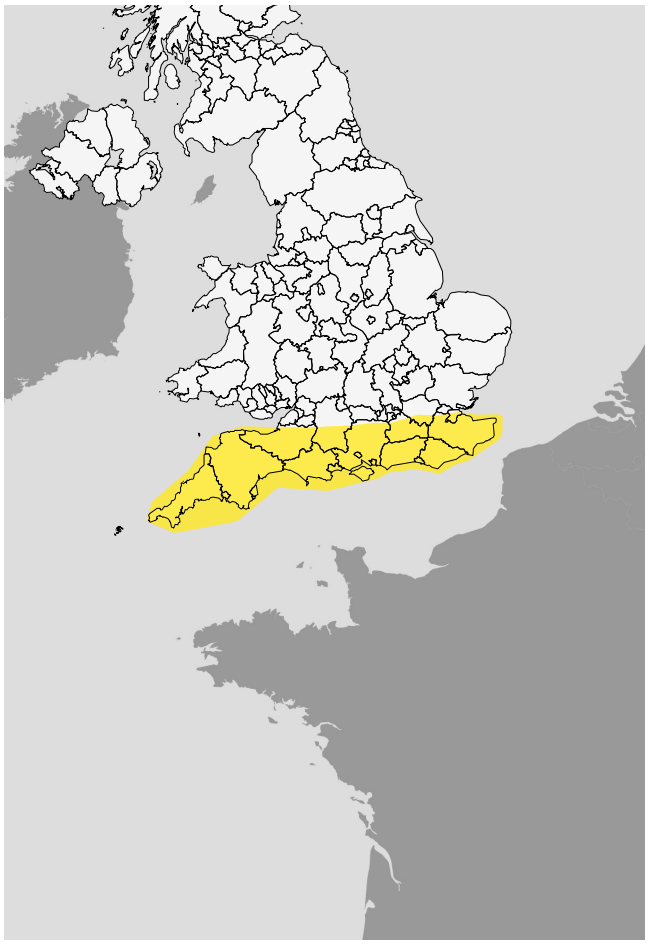
Yellow warning
Rain

Between
05:00 Sat 4 Nov 2023 and
23:59 Sat 4 Nov 2023



Heavy rain or showers falling on saturated ground may cause some disruption, particularly to travel.

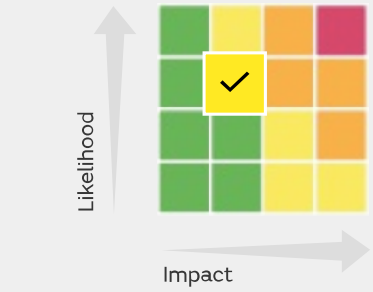
What to expect

- Spray and flooding on roads probably making journey times longer
- Bus and train services probably affected with journey times taking longer
- Flooding of a few homes and businesses is possible
- Large waves may lead to dangerous conditions along some English Channel coastlines

Further details

A spell of heavy rain early in the day clears northwards but is followed by fairly frequent heavy and blustery showers. These are likely to be focused in some southern and southeastern coastal counties by afternoon, with thunderstorms catching a few locations.

Around 15-25 mm of rain will fall in some places but with perhaps 30 - 40 mm by the end of the day in coastal southeast England. Additional hazards could include large waves and spray along some southern coasts.



Medium likelihood of low impacts
